DATA MINING
CS422- Section 01
Illinois Institute of Technology
HOMEWORK – 0

Megha Tatti

Exercise 1:

Q)   Describe in 2-3 sentences what you expect to achieve from this course.

Ans)- Data mining is a powerful new technology with great potential to help focus on the most important information in the data. This would indeed help me in future to analyze and work easily on huge datasets. It will improve my skills in various ways making my work easier. It would make me an efficient data analyst/programmer.
